

PROPYLENE

According to GOST: 25043-87

Technical Parameters and indicators	Parameters
Propylene content, not less than [%]	99,8
The volume fraction of ethylene, not more than [%]	0,005
The volume fraction of acetylene and methyl acetylene, not more than [%]	0,001
The volume fraction of C4 hydrocarbons, not more than [%]	0,002
The volume fraction of diene hydrocarbons (propanediamine and butadiene), not more than [%]	0,001
The volume fraction of methane, propane, not more [%]	0,2
The mass concentration of sulfur, not more [mg/m ³]	1
Mass fraction of water, not more [%] product supplied in tanks	0,02
The content of free water	absence

Packing: rail tank cars
Origin: Russia
